## "Kormarine Conference 2017"

"Kormarine Conference 2017" provides an excellent opportunity to discuss and develop strategies to overcome recent crisis that shipbuilding and other maritime industries have confronted.

This conference is interested in a wide variety of topics including changing global economy, energy & environment issue, seaborne trade, offshore plants, and production industries of relevant machineries.

Under the theme of "Industry 4.0 and Green Business Creation", the 4th "Kormarine Conference 2017" intends to gather expert opinions on the future of maritime industries and develop a strategy to maximize their future growth.

"Kormarine Conference 2017" will transform the crisis into an opportunity to revitalize the ocean economy.

We appreciate your participation.
